## PRODUCT GUIDE CATS

*DEVELOPED WITH VETERINARIANS*

## Why choose First Class for your pet?

Because First Class® is a super premium veterinarian style food developed specifically to keep dogs and cats healthy.

It contains high levels of fresh chicken meat and is free from cheap ingredients which are commonly responsible for causing allergies in pets. For instance, First Class contains no wheat or wheat gluten.

We add no chemicals, artificial colouring or flavourings, and all antioxidants are entirely natural.

First Class is therefore the first choice for owners wanting healthy, active pets, throughout their lives.

With a balance of Omega 6 & 3 fatty acids for a healthy coat.

Helps support the immune system and contains important natural antioxidants Vitamin E & C, selenium, lutein, beta-carotene, citrus extracts, bioflavonoids.

Fresh meat inclusion in an easily digestible formulation.

No artificial flavouring or colourants. Preserved naturally with vitamins and rosemary extract.

Optimum levels of protein, vitamins and minerals.

No wheat or wheat gluten which can be a cause of itchy coats and allergies.

With added Glucosamine HCl and Chondroitin for maintaining joint health

### FEEDING GUIDE

	Small 2-3 kg	30-50g
	Medium 3-5 kg	40-75g
